

## Vanuatu Women in Sport Commission

Yesterday, 5 ladies came to our class to tell us about their stories in sports. They are athletes, coach, journalist and volunteer. One has been to the 2012 Olympic Games, her name is Anolyn Lulu and she is a Ni-Vanuatu, That's amazing! She is really good at table tennis, she said that sport changes her life and bring fortune to her family.

They encourage us to play different sports, in order to develop different skills.

No matter your age, your gender, sport is for everyone! « Sports can change your life ». Women face more challenges than men, but they must never give up and work for it.

Things are changing : prize money for women is now the same as for men in VANUATU!

We must learn from these women's positive way of thinking, enjoy in your life, and apply it to our daily life.
